**AMENDMENT**

Honorable Director of  
Patents and Trademarks  
Washington, DC 20231

Sir:

In response to the Office Action of February 22, 2002, please amend the above-captioned patent application as follows:

**IN THE CLAIMS:**

1. (Thrice Amended) An illuminating device for a display comprising:

a display panel;

a light guide having a light reflection surface, a light discharge surface opposite to the light reflection surface and parallel to the light reflection surface, a front side surface, and a rear side surface, and disposed under the display panel so that the light discharge surface opposes to the display panel;

an LED having a single light discharge opening and provided to oppose to the front
